

JULIA LOMAN

Frontend Developer

PERSONAL

As a creative programmer I bring a unique perspective to every projekt.

With a passion for blending techincal skills with artistic flair I specialize in crafting visually stunning and user-friendly applications.

QUALITIES

ORGANIZED

I prioratize organizing wether it is my work space or my code.
A clear structure is key to working in a team!

PROBLEMSOLVER

As a programmer I practice this skill everyday, my creative side often helps me come up with new solutions

POSITIVE

Good at lifting the team spirit, and a strong belief that anything can be fixed!

INTERESTS

PAINTING

Love to be creative and unwind with some aquarelles

GAMING

I enjoy playing social action packed games with friends!

EDUCATION

.NET SOFTWARE DEVELOPMENT

Teknikhögskolan | grad. 2023

The education focuses on a broad variety of skill sets, with C# as the foundation. The education includes developing Frontend, Backend, Databases and Cloud.

BACHELORS DEGREE IN INFORMATION TECHNOLOGY

University of Skövde | grad. 2020

Studied 3D-graphics for assets in digital games and film.

DIGITAL ARTS AND ENTERTAINMENT

Exchange Semester at HOWEST University | 2018

Studied 3D-modeling, texturing, animation and digital sculpting.

It was a great autumn where I got to practice my English, test my skills on an international level and create new contacts from all over the world.

EXPERIENCE

WEB AND GAME PROGRAMMER INTERN

Aurora Arts Studio | 2023

Created a dynamic website with mini-game elements for the upcoming game studio Aurora Arts.

GAME PROGRAMMER INTERN

Mindforce Game Lab | 2022

The internship encouraged me to deepdive in Unity and develop my abilities to be a good team member.

IT SUPPORT

HCL on behalf of Volvo | 2022
